

Industrial Safety Work Platforms

for FORKLIFTS

Model 1203B
3' x 3'

Every warehouse and manufacturing plant has need to elevate personnel . . .

“Make it safe” with a Star Industrial Work Platform

Reduce your Labor Cost:

The job is done quicker because personnel work comfortably in the safety of a full guard rail system. Both hands are free to accomplish the task at hand. Faster and safer than ladders. No lost time erecting scaffolding.

**Meets / Exceeds
OSHA & ANSI
Requirements**

Elevate your Personnel for:

- Inventory
- Equipment repair
- Lighting maintenance
- Building repairs and maintenance
- and many more every day jobs

Reduce Capital Expenditures:

No need to invest thousands of dollars in other equipment. Your forklift and an inexpensive Star Platform can do the job right.

Do It Safely:

Stop personnel from standing on a pallet or make-shift platform. Star Platforms are safe; they meet or exceed all OSHA / ANSI requirements.
