

MINI SKID STEER MANUAL POWER RAKE

Handle grading, leveling, seedbed prep, and cleanup with the Star Industries Mini Power Rake. Built for durability and control, this attachment delivers consistent surface conditioning while allowing operators to angle, windrow, and finish in a single pass. Ideal for landscaping, property maintenance, and jobsite preparation.

- ➔ Designed for grading, leveling, and seedbed preparation
- ➔ Manual angle adjustment for working slopes and uneven terrain
- ➔ Allows efficient cleanup and windrowing in one pass

FEATURES

- ➔ Bi-directional drum with 64 carbide teeth
- ➔ Manual angle adjustment for precise control
- ➔ Removable side plates for windrowing or precision work
- ➔ Fits Dingo, Bobcat MT, and other mini skid steer mounts
