

SKID STEER EXTREME DUTY POST DRIVER

Drive fence posts, guard rails, sign posts, and agricultural supports faster with the Star Industries Extreme Duty Post Driver. Delivering 1,000 ft-lbs. of impact energy and up to 800 blows per minute, this attachment is built for demanding applications where speed, power, and reliability matter. The high-strength steel domed driver head keeps posts centered during operation, while the nitrogen power cell and dry fire protection help maximize performance and component life.

- ➔ 1,000 ft-lbs. of impact energy for maximum driving power
- ➔ 400–800 blows per minute for fast, efficient installation
- ➔ Includes mounts, hoses, and couplers for quick setup

FEATURES

- ➔ High-power nitrogen power cell
- ➔ 8" high-strength steel domed driver head
- ➔ Heavy-duty steel plate frame
- ➔ Dry fire protection
