

SWING BOOM BRUSH CUTTER

Clear fence lines, ditches, and hard-to-reach areas with the Star Industries Skid Steer Swing Boom Cutter. Built for extended reach and powerful cutting, this attachment delivers precise control for vertical and horizontal applications—making quick work of brush and overgrowth where standard cutters can't operate.

- ➔ Designed for fence lines, embankments, and hard-to-reach areas
- ➔ Cuts vertically up to 192" and reaches 96" horizontally
- ➔ Handles brush and material up to 4" thick

FEATURES

- ➔ Direct drive piston motor for high-performance cutting
- ➔ 48" cutting width with dual 5/8" AR400 blades
- ➔ Operates at 17–30 GPM with 4000 PSI max pressure
