

MINI SKID STEER BRUSH CUTTER

The Star Industries Skid-Steer Mini Brush Cutter is the tough, all-terrain cutter perfect for clearing in those tight to reach places with a cutting width of 40-48 inches. The cutter is equipped with 3 versatile bi-directional blades powered by a high-torque motor capable of powering through the toughest of terrains.

- ➔ Clears thick shrubbery and small tree regrowth with minimal effort and outstanding results
- ➔ The bi-directional AR400 blades are powered by a high-torque motor for effortless results

FEATURES

- ➔ 2 heavy duty AR400 blades
- ➔ High torque motor
- ➔ Case drain not required
- ➔ Replaceable skid shoes
- ➔ 1-year warranty (does not cover blades and hoses)
- ➔ 3 bi-directional blades
